"The stock market is filled with individuals who know the price of everything, but the value of nothing."

Investment is all the way different from the trading. It is where one also knows the Value of the stock, not only price and that is the key of the mastering the domain of Investment. Knowledge of good investment has always been restricted to a small group of individuals. One need totally different kind of skillset and mindset to understand & take meaningful decisions which are less discussed and shared in public.
